This is "fish week" in Boston. If fish is brain food, as has been contended, Boston doesn't need it, and if fish is not brain food Boston is in for a week's fast.

Well, what of it? The agricultural department has issued a bulletin saying that freezing doesn't injure parsnips.

Young Mr. Perkins, who seems to claim exemption, purposes to do his part toward making this a safer country for his father to live in.

MURINE Granulated Eyelids.
See Eyes. Eyes inflamed by Sun, Dust and Wind quickly relieved by Murine. Try it in your eyes and on baby's eyes. Murine Eye Remedy. Sold by all druggists. Ask Murine Eye Remedy Co., Chicago.

ELECTRIC LIGHTS FOR SWIMMING POOL INSTALLED LAST NIGHT

The juice was turned on last night at the swimming pool and the effect was magical. Owing to the benefit dance of the Tonopah Military band the gates were kept closed and no one admitted, but the lights were installed during the afternoon and everything made ready for the formal dedication this evening. The pool is far from complete, as there are many refinements to be introduced to render the place more attractive and permanent in its drawing qualities. The committee is figuring on a roof which will call for a good deal more money than was at first contemplated. The nights will grow pretty chilly after a while, although, at present, the temperature is just about right, owing to the water remaining stationary at 85 degrees, but by next month outdoor bathing would be prohibitory on account of exposure to the frigid night air, but with a roof over the pool this trouble would be obviated. The vast body of warm water will suffice to keep the interior at blood heat and the danger of contracting cold would be further avoided by installing a cold shower which is under advisement.

OPERATORS WILL REPLY ON FRIDAY

ANSWER TO PETITION OF EMPLOYEES WILL BE DELIVERED FRIDAY AFTERNOON.

The employees' committee appointed at the Tuesday night mass meeting conferred with the mine operators yesterday afternoon, when they presented their arguments in favor of eliminating the 20-shift clause. The operators took the matter under advisement, promising to make a formal reply tomorrow afternoon at 4:30 o'clock.

Several of the trades allied with the American Federation of Labor will meet this evening to act on the proposition of the operators in conjunction with the decision of the mass meeting. The answer of the mine operators may not be final and another conference may be necessary to reach a perfect understanding, but neither side is pressed for time, as the mass meeting gave the committee five days in which to bring in a report.

MUSICIANS' DANCE WELL PATRONIZED

The dance of the Tonopah Military band brought out a full house last evening and the lovers of dancing enjoyed themselves for several hours to the music of a 12-piece orchestra. The attendance was representative and the recruits who will answer the second call Sunday morning were quite numerous with their best girls. The boys received considerable attention and are thankful to the band corps for the entertainment, which will remain as one of the bright spots of parting.

Previous to opening the dance the band gave a concert, during which all the various patriotic airs were discoursed.

There was a large attendance of guests from Goldfield, including the following: Ralph McLean, Ray Goodwin, Lester Bradley, Jim Connolly, James McNamara, Ray Falvey, Miss Nellie Cannan, Miss Erna Cannan, Mr. and Mrs. R. A. Via, Mrs. R. Hiller, Mr. and Mrs. Lyons, M. J. Redington and daughter, Francis Daugherty, Jerry Ahearn, Orvin Budge, Miss Grace Cavanaugh, Mrs. George McKay, Emil Lopez, a conscript.

If you want to know what has become of the old-fashioned German officer who used to offer the toast, "Der Tag"—he's dead.

Automobile For Sale

Oldsmobile 6-6 Passenger

In good mechanical condition; lots of extras. Tire pump on engine; vacuum feed demountable and quick detachable rims one extra use either clincher or straight side tires; Warner speedometer; shock absorbers, front and back; gas saver; leak proof rings; equipped for distillate; self starting; electric lights and horn; 15-jewel Walton 8-day clock; paint, top and upholstery in good condition. Price \$450. Address box 154, Tonopah.

in more money to be applied to general improvements.

Regarding comments on the chemical constituents of the water, L. Stiles and Johnny Gillen, who have worked in the Victor wet shaft for four years, vouch for the statement that there is nothing at all harmful about the flow and say they never heard of any one of their associates suffering bad effects. They never heard of any one suffering from boils or other blood disorders due to the water itself and the only cases of the kind, which are exceedingly rare, were due to dirt and foreign substances entering the system through abrasions, which would occur anywhere else.

The committee desires to express its obligations to Van Hallberg for his services generously volunteered in making the connections between the Victor pumps and the reservoir. The Swimming Association acknowledges receipt this morning of twelve bathing suits donated by the Tonopah Woman's Club through its officers, Mrs. Frank J. Cavanaugh, president, and Mrs. James R. Blair, secretary, for the use of poor boys and girls who cannot afford to buy suitable swimming togs. The suits will be in charge of Mrs. George J. Murphy.

Visitors to the pool are requested to leave their jewelry and valuables at home until after arrangements are perfected for the protection of patrons. The committee also desires to urge all persons holding checks from the association to cash them at once, as it is desired to publish a complete financial statement of receipts and disbursements.

TOLICHA CAMP IS FORGING AHEAD

PUTTING UP BUNK HOUSES AND ARRANGING FOR A PERMANENT CAMP.

Over forty men are busy in the new camp of Tolicha, where the principal work is being done under direction of A. I. D'Arcy, consulting engineer for George Wingfield. Carpenters are employed building a bunk house and boarding house that will furnish accommodations during the time that the group is being thoroughly sampled by prospecting the vein. When the exploration determines the exact nature of the formation the owners expect to do rapid development work. There will not be any delay in securing machinery, as most of it is available at other properties under the supervision of Mr. D'Arcy and the removal would be only a matter of a few days.

MAGNAMARA MINE STARTS UP TODAY

RESUMPTION OF WORK IN THE MINE AFTER A SHORT SUSPENSION.

The MacNamara mine started up this morning for what the management hopes will be a long run with out any interruption. The men went on the first shift in charge of E. C. Simpson, who has been leasing on the property and is well acquainted with the workings of the mine.

The mill is being overhauled and will be in good running order within a week. The plant has been kept in first-class shape during the suspension.

A Comparison.
A German military critic said that Robert E. Lee was America's ablest soldier. But when Lee's army of invasion came up into Pennsylvania it didn't cut down a tree, trample a garden or steal a pig. Indeed, Lee was so good a soldier that he said the burning of Chambersburg was a military blunder for which he was not responsible.

The officer in all America's wars who did the most burning, hacking and robbing was Benedict Arnold after he had turned traitor to his country. But the chief effect of it was to solidify the colonists into an effort to win the Revolution.—Girard in Philadelphia Ledger.

COONEY CLIFFORD and bride were passengers this morning for Goldfield.

JOHN G. KIRCHEN motored over to Manhattan this morning to inspect the White Caps.

E. A. SMITH, the well known Reno broker, returned home this morning.

MISS ALICE CLEMENT of Redding, Cal., who has been visiting a brother at Round Mountain, left this morning for her old home.

IVEY G. SOUTHEY, who operates a ranch near Springdale, Nev., left for home this morning, after spending several days in Tonopah.

REV. FATHER JEROME DISS was a passenger this morning for Rinkham, Utah, where he goes to take charge of the parish.

CLYDE HELLER, president of the Tonopah Belmont Development Company, was among the arrivals this morning.

CLARENCE M. ODDIE, accompanied by his wife, arrived this morning from San Francisco. Mr. Oddie comes on legal business.

F. P. BOYLAND, a nephew of Roger and Joe Stenson, representing the M. A. Bryte electrical supply house of San Francisco, was a visitor here yesterday.

MRS. E. A. McLAUGHLIN, who was operated on last week at the Mine Operators' hospital, is making excellent progress and is now believed to have passed the crisis.

MRS. A. H. BLOCK, mother of Will Block of the Jim Butler mine, has returned to Salt Lake, after spending three weeks making the acquaintance of her new grandchild.

DR. J. C. COWDEN has returned from a visit to Reno, where he went as a delegate to the Knights of Pythias convention and to attend the annual meeting of the Nevada Medical Society.

E. G. WHEELER, one of the chief stockholders in the Water Company of Tonopah, who has been here several days inspecting the property, left this morning for his home at Chevy Chase, the fashionable suburb of Washington.

DR. T. A. MUSANTE left yesterday for a motor trip that will take him through the foothills of the Sierras and give him a chance to enjoy a little hunting. He was accompanied by Mrs. Musante and the couple will wind up their vacation on the southern coast.

MISSOURI MASONS OPPOSE SALOONS

MEMBERS NOT ALLOWED TO SIGN PETITIONS OR GO ON BONDS.

(By Associated Press.)
ST. LOUIS, Mo., Sept. 20.—After a long debate, the grand lodge of Missouri, A. F. & A. M., adopted a resolution providing for the expulsion of any Mason who signs a petition for a saloon or gives bond for a saloon keeper. The vote was 1,180 for and 360 against the resolution. Dr. W. A. Clark was unanimously elected grand master of the grand lodge.

Jam Started as Medicine.
Jam in its early days seems to have been regarded as possessing medicinal properties. Galt in "Annals of the Parish" notes "a new luxury that got in among the commonality about 1780. By our young men that were sailors going to Jamaica and the West Indies heaps of sugar and coffee beans were brought home, while many, among the cabbages in their yards, had planted berry bushes, which two things happening together the fashions of making jam and jelly came to be introduced into the village. It was found that jelly was an excellent medicine for a sore throat and jam a remedy as good as London candy for a cough or a cold or a shortness of breath." Did it ever occur to you that "jam" was abbreviated from Jamaica?—London Spectator.

BUTLER THEATER.

"American—That's All" is the title of the new Triangle play in which Jack Devereaux and Winifred Allen are featured, and will be seen at the Butler this evening. It is a comedy of youth, love and business, showing the troubles a young college graduate falls into when he opposes his father's wishes. Devereaux, as the hero, refuses to give up the girl he loves to marry a title. Consequently he is thrown on his own resources to make the best of things. How the girl aids him to get the best of his father is shown in the clever episodes that go to make up the story. Would you marry a title and become a social climber just to fall heir to a Pickle King's millions? Jack Devereaux would not because he is a real American and loves an American girl. Winifred Allen is the girl and corners the Pickle King at his own game. It is a delightful comedy from start to finish. The preliminary reel is "The Girl and the Ring," a snappy one-reel comedy.

Tomorrow a double bill will be presented—Miriam Cooper in a five-reel production, "The Innocent Sinner," and Tom Mix, the dare devil cowboy, in a two-reel side-splitting comedy, "The Soft Tenderfoot," in which Dare Devil Tom introduces some of his half-raising horseback stunts, which will make you laugh and hold your breath at the same time. Remember "Intolerance" is coming soon.

FUEL COMMISSIONER NAMED FOR NEVADA
CARSON CITY, Sept. 20.—Ed Walker, secretary of the state railroad commission, has been nominated by Governor Boyle for appointment by President Wilson as fuel commissioner for the state of Nevada and his appointment probably will be made within a short time.

The governor also announced that while Walker will be the nominal head of the work in Nevada as fuel commissioner, he will appoint W. D. Forster of Goldfield superintendent and traffic manager of the Tonopah & Goldfield Railroad Company, to take active charge of the transportation and traffic problems in connection with the movement and distribution of fuel. Forster is considered one of the most efficient railroad men in the state and his appointment will be made because of his familiarity with the work over which he will have supervision.

When the government specifies the amount of coal or other fuel to be delivered to each community or consignee it will devolve upon Forster to see that it is delivered promptly. Orders already have been issued by the government that all coal must be received by consignees in any kind of a car the shipper finds available to use.

WINNEMUCCA HOLDS FIRST CITY ELECTION
WINNEMUCCA, Sept. 20.—Winnemucca held her first city election Tuesday and the following officers were elected:

Mayor, C. E. Haviland; councilman First ward, W. L. Wilkinson; Second ward, F. Poulin; Third ward, B. J. Loinax.

Following is the detailed vote for councilmen: First ward, W. L. Wilkinson 55, H. K. Davis 49, F. A. Robinson 45; Second ward, F. Poulin 141, T. H. Guyon 78; Third ward, B. J. Loinax 21.

A Missouri negro slacker who wanted exemption on the ground that he "couldn't stand bloodshed" was found to have a razor in his boot.

THE THRONE IN THE HOME.

Where Two Should Rule as One to insure Real Happiness.

"A man may build a throne for the woman he loves," says the Mother's Magazine, "but he will find that to make her a queen he must mount it beside her, for only where two rule as one can either hold true sway. Whether married or single, we do not live unto ourselves alone. All the world somehow is affected by what we are, and in the married state we have a greater obligation than merely to keep the peace or to observe the conventions or to demonstrate how we can improve upon God's law of life and love.

"It is well that we should use every God given power of mind and spirit, every quality and grace and virtue at our command, before and after, in order to live up to the privileges and responsibilities of marriage. But marriage fortunately is a thing of the heart rather than of the intellect, and it is our wrong attitude of mind toward matrimony that would drag it down to our own level and fault of comprehension and make it a merely human mistake instead of a divine gift.

"If we would make it a blessing instead of a curse, if we would have it encompass all of our needs in joy and sorrow, if we would have it endure with us through life and eternity as the sublime fact of our existence, we must live up to it hour by hour in a spirit of faith and hope and charity."
